Dear Jeetesh,

I take this opportunity to express our heartfelt thanks to you for your very active participation in our recent annual conference held at Gold Reef City. The committee members of the 'Laduma' 2010 Maxicon Team from the Southern African District of Toastmasters International have also asked me to pass on their sincere appreciation for your efforts in helping make this important undertaking a huge success for the delegates.

Your presentation, content and execution of humour ensured that everyone enjoyed the final night of the conference and was very much appreciated by those representing all sides of this event. As well, you may be interested to know that the overall post-conference survey responses from the attendees were highly positive. We recognise that your valuable contribution was one of the key events at the banquet and will figure prominently into the summary of proceedings.

On both a professional and personal level, we really appreciate your talent and the time that you were able to spend with us, as you injected life into the banquet, during your allocated slot on the programme. Light hearts and fond memories was what we wanted for the evening and you ensured that in your contribution. Your generosity in donating your performance is most greatly appreciated.

For your information, I have attached a few of the comments we received about your presentation from the survey of conference participants.

We trust that you enjoyed your time there and again, thank you so much for your enthusiastic participation in our conference. I have no doubt that it would not have been the success that it was without your presence.

Very sincerely,

Vasi Alford
